Monello Landscape Industries, LLC

Monello Landscape Industries offers customers a range of landscaping services, including custom landscape design and building for both residential and commercial properties. Founded in 1985, the company has formed a strong reputation in its 21 years of existence. It is equipped with an educated, experienced staff of several designers who participate in continuing education courses at Rutgers University.

Monello Landscape prides itself on forming trusting customer relationships. Clients can expect reliable service, easy accessibility to Monello's staff, and quality work. Each property is designed with its unique elements in mind. Consultations utilizing computer design technology can help potential customers visualize the creative design possibilities before any work begins. The company specializes in applying an array of decorative touches to items of utility. Patios and paver walkways are installed with a creative flair, as are retaining walls. Plantings, ponds, and waterfalls can be designed and installed to appear as natural to the surrounding environment as possible.

The staff at Monello Landscape is always accessible and prospective clients can feel at ease, as positive referrals can be provided. Business operator and Founder Joe Monello possesses a Bachelor of Science in Landscape Architecture and Environmental Planning and Design from Rutgers. The company is a member of the New Jersey Landscape Contractors Association.
